

Who we are

Arken Bible Center is a non-denominational evangelical charismatic congregation and faith based ministry. Arken is located north of Stockholm the capital of Sweden, and was founded in 1986 by its pastors Gunnar and Linda Bergling.

We received the calling from God to prepare a place for healing and restoration, a place where the weak and weary would receive salvation, new strength, freedom and joy from Jesus, and where believers would be equipped for the healing ministry.

Arken's vision is based on Ezekiel 34:16 where the Lord says *"I will search for the lost and bring back the strays, I will bind up the injured and strengthen the weak"*.

At Arken everything centers around Jesus. When we gather our purpose is to truly express our love for him and to give him the opportunity to equip us and send us all over the world to fulfill the vision he has given to us. In our services we spend much time in praise and worship, abiding in the presence of God, teaching the Word of God and ministering to people in prayer led by the Holy Spirit. We believe in biblical healing ministry and prayer with laying on of hands in the name of Jesus, with focus on Jesus and his redemption, we minister to people healing of body and soul.

Today the congregation has 400 members and an extensive ministry that reaches out across the world. Arken is a center that serves locally, nationally and internationally in education, leadership training and missions, with 40 employees and many volunteers working in the various areas of the ministry.
